Ruth,

I can't believe we are finally getting out of this place! We're going to miss it so much - LIES!! I had so much fun with you this past year, I'm really glad I was able to get to know you this year - you made high school bearable. (Especially with the "welcoming committee" in the mornings!) We have made so many memories together. I know I'll never forget how we "ran the show" at Big City, Joshua/Donovan, or PIAGET'S CLASS. You know WE ARE THE COOLEST PEOPLE IN THE WORLD!!! 😊. Always remember all of the great dance moves (Tricky, Mark, Schmoney, Nikkie + of course, Joshua + David). I'm going to miss you so much this summer - Imagine all of the Gods at Big City that I will be missing! 😊 Always keep in touch!!! Good luck in life + Take Care!

I love you!

World

Above: This year marked the bicentennial of the United States Constitution. As a result the entire country celebrated and every student in the nation participated in some way.

Left: The Minnesota Twins beat all odds in defeating the St. Louis Cardinals to become the World Series victors.

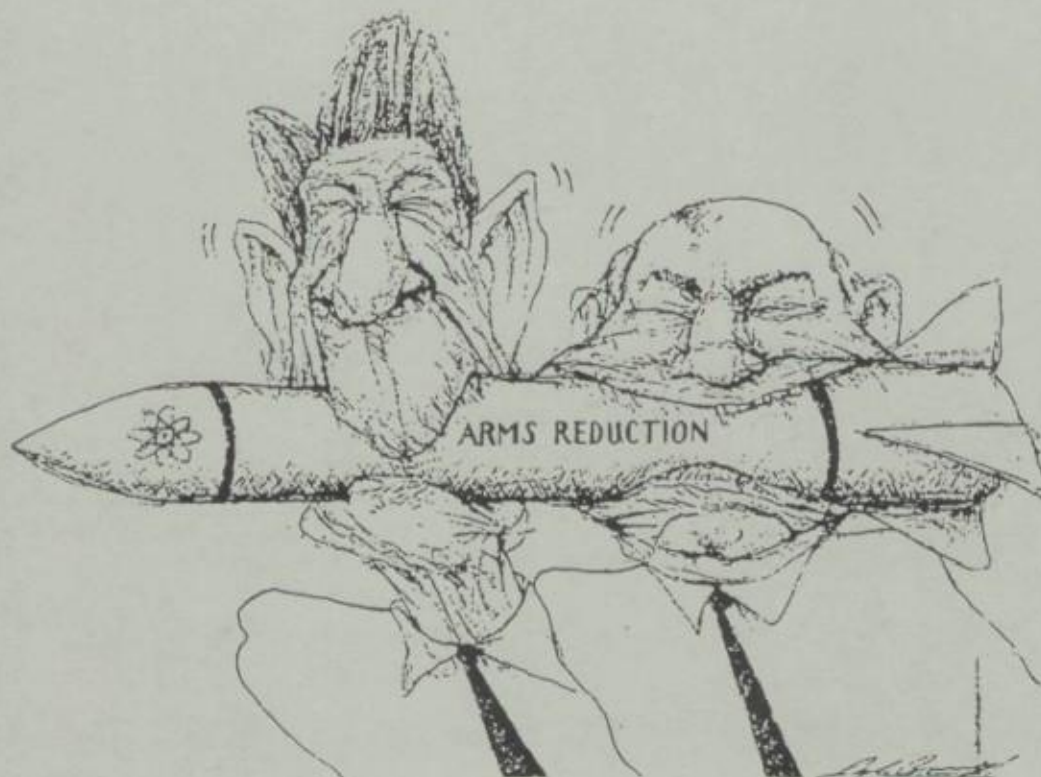

Bottom Left: President Reagan and Soviet Premier Gorbachev made history in Washington when they signed the I.N.F. Treaty which called for the elimination of more than 2,000 nuclear missiles.

Bottom Right: Jim and Tammy Bakker rocked the world of T.V. evangelism with scandal. Tax evasion and Jim Bakker's affair with Jessica Hahn opened the eyes of many Americans who gave to the billion-dollar PTL Club.

Above: When a vacancy appeared in the Supreme Court, President Reagan made several attempts to fill the position, but both Judge Bork (top) and Judge Ginsburg (center) were rejected by the Senate. Judge Kennedy's (below) appointment has not yet been confirmed.

BITE THE BULLET—

Above: A pilot named "Rust" broke Soviet defenses and stunned Soviet officials. He flew his plane into Moscow and landed in front of St. Basil's Cathedral—without being discovered by Soviet radar.

Below: Jessica McClure, and 18-month-old girl, was lifted from a well which she had fallen into nearly 59 hours earlier. Her survival seemed to be a miracle which Americans all over the country watched on their television in suspense. Thanks to the work of many brave people, she was saved.

Below: With the arrival of 1988, the Olympics were once again ready to begin. The winter games, held in Calgary, Canada, began on February 13. The summer games will be held in Seoul, South Korea and will begin September 17. Due to improved relations, the Soviets will be competing in both winter and summer games.

Above: Gary Hart started a practice of keeping strong family values. He later resigned from the Presidential race due to extramarital affairs.

Left: The Washington Redskins defeated the Denver Broncos in Super Bowl XXII. Surprisingly, the margin of victory was large with a score of 42 to 10.

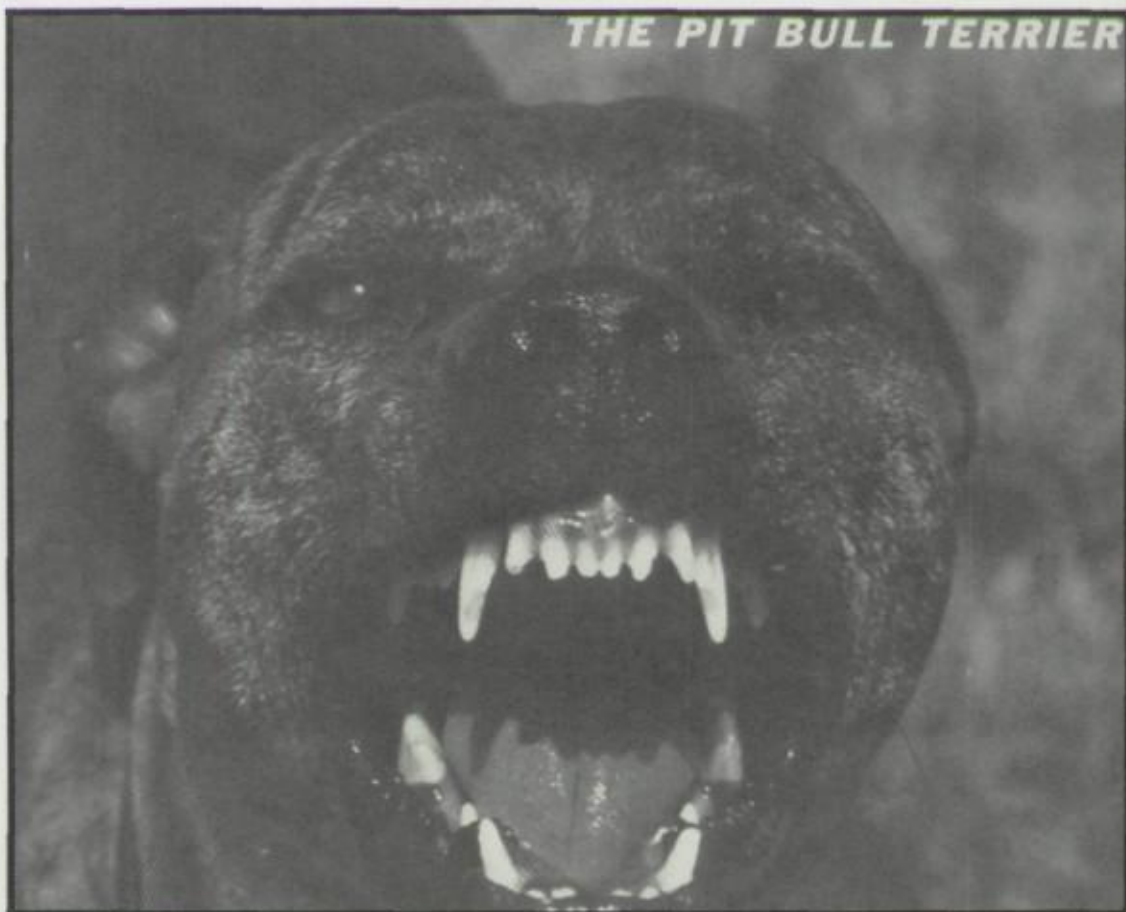

1987-1988: Years which will never be forgotten; years of highs and lows, from the crash of the stock market to the election of a new President; years of both despair and hope; and years with events that rocked the world.

Left: This year marked the death of the illustrious entertainer, Fred Astaire. Fred Astaire, 88, had dazzled audiences for many years with his spectacular dance steps. He is shown here with Cyd Charisse.

Below: With his outstanding testimony in the Iran-Contra hearings, Oliver North became a hero to America. He was so popular, there was a t-shirt made saying, "Ollie for President."

THE PIT BULL TERRIER

Left: With the involvement of U.S. ships in the Mideast, much turmoil had occurred. One such example was the warship, *Stark*, on which many Americans were injured.

Above: Is it fair for the pit bull terrier to be banned or even killed? This controversial issue has risen due to the death of six people caused by this rare breed of dog.

Roth,
We are out of here. Seniors finally
It is almost like a dream - I am
glad that we became friends.
Don't worry about the future
Take a day or time and
have fun. Born life to the
fullest. But someday we will
have to start working in this
Big world. But as long as there
is time to party - party all
you can. May I hope for you
to have a good life so start
thinking of what you want in life
I know you say that sounds like
you Dad but life is so short
and he can't care about
you and what you will do
with your life. We rebel
when we are young but
don't lose your relationship
with your dad. Have a
wonderful life
God Bless
your future
John

Finally Seniors

We are forever indebted to Mr. Hawthorne and Mr. Scott for their direction the past four years. Direction to lead the happiest and most memorable days of our lives, and of course, direction to spend six nights on board the Senior Splash to Bermuda. To reach our indomitable goal took hours of preparation and concern, and we were lucky to have advisors who went above and beyond their duties. No one can think of a better way to remember our days in the halls of South West than to spend our last week together sailing the seas, making memories to culminate a past we'll never forget.

Woman with trash-filled home dies from stroke

LOS ANGELES (AP) — A
woman whose 20-year accumula-
tion of trash and garbage in a rat-
infested home forced authorities
to move in and clear away 40 tons
of debris has died from a stroke.

Erleen Burman, 72, of Pomona
was admitted to Cedars-Sinai
Medical Center on May 27 after
suffering a stroke. She suffered a
fatal stroke on Saturday, the hos-
pital said.

The Pomona Fire Department

into a house-cleaning contract with
Dennis Dewald, who said he plans
to continue remodeling her kitchen
free of charge, a project he had
started as a homecoming present

Senior Week

Of course—we feel for the ones who have never made it—to Ocean City, that is. You know, for the one week our parents dread at the end of school, where they hand out the bucks, and we take it upon ourselves to celebrate. Really celebrate. These are the days we'd realize how great our friends are, and how lucky we are to be young. But, most of all, these are the days we'll remember when we think of high school. The beach, the boardwalk, the private parties, and the long talks—permanently inscribed in our memories—and forever wanting to bring them back.

ALL-STAR CALCULUS

All-Stars

All Star, what? Like-Did you say calculus? By a simple joke in Trig class, Troy Wentz, Greg Wilson, and Steve Ferree started a concept that formed what they would have never imagined. The entire following year of Calculus, Mr. Evitts was referred to as Coach, while the review for a test became entitled a "pre-game" warm-up. Though some of you may find the idea quite stupid, it successfully added humor to the otherwise trying period every afternoon in which we struggled to obtain the ultimate honor-first string in the mental contest of All-Star Calculus.

Bug Brigade

What are they? Those-those things overtaking the South Western parking lot. Why-it's a swarm of bugs, no, not mosquitoes-not even fleas-but 69's, 70's, and 75's. You know, VW's-super-beetles-the awesome automobile. When we were juniors everyone had one-Bridy, Vicki, Bip, Sean, Chris R., Chris F., Jeff, Katie, some of them didn't make it to our senior year, not TOTALLY by fault of their owners. But luckily Dan and Brandon will remain to keep the tradition alive.

Big Mouths!

What do these guys think they're doing? This isn't Spain on New Year's Eve, and they've certainly shoved more than twelve grapes in those big mouths! Yes, this is it! The food eating contest we've all been waiting for! Who has the biggest mouth in the entire senior class?

And the winner is . . . Jared Veronick! This monster mouth crammed 43 grapes into his gaping jaws!! Following close behind were Angelo Veraldi with 41, and Mike Lovice with 40. We also applaud Chris Richter for his effort (37), and boo Hank Trone for a lousy 15! Mouths like that could come in handy!

Battle Cry!

This year seniors showed an excellent amount of spirit. By shouting out the battle cry at pep rallies and cheering during Mustang competitions, the seniors displayed their pride. With continuing support from the student body, our Mustangs can keep the winning tradition alive.

CHILLED PHYSICS

Chilled Physics

Each year the Physics II class uses the concepts of solids and freezing liquids to enjoy the satisfying taste of ice cream. The ice cream makers are brought in by students who own them. Toppings can be added for extra pizzaz. Mr. Barnhart begins the process first thing in the morning and by class time the sweet, icy solution is complete.

Thinking Ahead

Well, as Seniors we've got to start thinking ahead. This is it. The decisions we make in the next few months decide our future.

Some have already made some decisions. In our class, 22% will go to work, 1% will join the Marines, 2% the Army, 4% the Navy and 5% the Air force.

As much as we complain about school, the survey reveals 49% are going to college, 10% to business school, 7% to trade school, and 2% nursing school, well, Good Luck!

These seniors that graduated last year are well on their way to accepting the challenges of their future.

Bon Voyage

As we all know most of us can't wait to escape from Hanover. Some have been lucky enough already. Out of our class 20% have been overseas, 1% have been to Asia, Australia, Russia, Japan, the Middle East, and South America, 2% have been to Africa, and 13% to Europe.

Mrs. Blevins took students to Spain in 1985 and 1987, and Mrs. Campbell went to France in 1986. As the pictures reveal, everyone had a great time. The French students were lucky enough to see the Eiffel Tower.

Diane and Ed went overseas to see relatives. Diane was at the Acropolis in Athens, Greece, the home of her origin. A few years ago, Ed lounged in Venezuela. Everyone seemed to agree that escaping Hanover was worth the wait.

Fondest Memories

Remember Jordache jeans, Pac-Man, friendship pins, Rubic's cube, Dockside, blockball, Izod tees, and Magic Elm? Those were the days when girls stashed Mom's old make-up in proudly worn pocketbooks and then snuck into the "lavatory" to apply forbidden layers. Those were also the days when the guy's knees knocked about the thought of actually dancing with a girl at the team Christmas party!

Well, we've finally arrived at our destination and we've come a long way. We always wanted to be "big" seniors. Our problems have grown from "What can I wear to the SAC Skating Party?", to "What am I going to do with my life?" This is it for South Western and us. Our lives will rapidly change. Each of us will go our separate ways, but we'll always have the memories. We will never forget.

Bun displays her native costume for celebration. Wearing the belt is a rule, but the other jewelry is simply decoration.

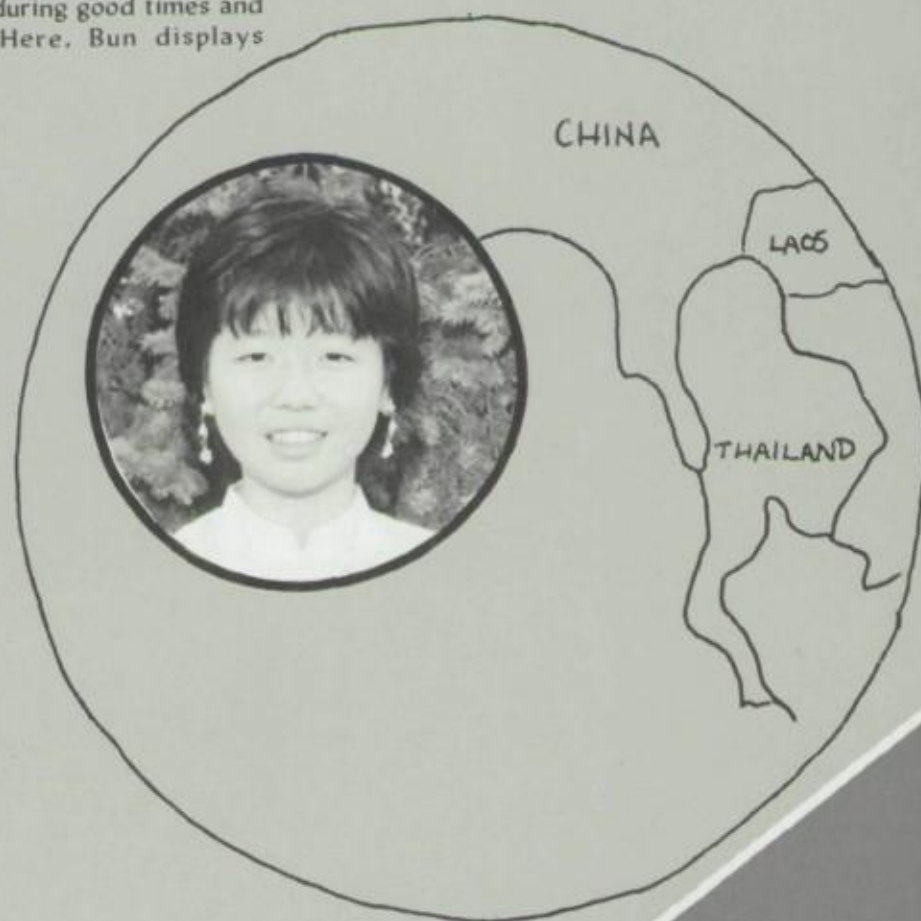

In Thailand, dancing is done during good times and for important meetings. Here, Bun displays "sasymila."

Softball is one of the many American sports Bun enjoys.

A TASTE OF THAILAND

Our exchange students Prapapan Charornwichanihai, better known as Bun, traveled 33 hours on a plane to the United States from Thailand. She says that American teenagers enjoy many of the same leisure time activities that she and her friends do back home. However, she also comments that Americans have more freedom. "We cannot hold hands, kiss, and hug each other in Thailand." At school in Thailand, Bun must have long hair which is to be tied back at all times. She is not permitted to wear make-up, nail polish, or any jewelry (except for the pendant of Budda hanging about her neck). Stricter rules are enforced and class schedules vary each day. We all are enjoying Bun's stay with us. Hopefully she will return home with many happy memories.

Miss Hanover

Once again, South Western was fortunate to dominate the Miss Hanover Area Pageant. Seven girls from our high school quested for this title. Each girl put forth a tremendous amount of time and effort to entertain the community. Amy Renner captured not only the talent competition with a cello performance but also the Miss Hanover crown. Other winners were Tammy Sterner-4th runner up and Angela Heim-3rd runner up. Congratulations to all participants. Their performances were exceptional.

Weekends Were Made For . . .

When 3:15 p.m. on a Friday finally comes, the weekend officially begins! Some students start planning days, maybe months, ahead. Others act on impulse. Where does everyone disappear to? Even though

kids may think Hanover is boring, that's not true. Our school and community offer an abundance of activities. Sports events, dances, the mall, movies, miniature golf, and go-carts are just some of many. Others like a quiet evening at home with family or friends. Weekends are a time to relax and have fun. It just takes some ingenuity and planning.

Let it snow

This year the first snow was the earliest it has ever been. On November 11, 1987, it snowed approximately 2 inches. The first question at mind was, "Will we get out early?" Everyone loves the first snowfall. Even though people complain about the temperature and shoveling, no one can deny the fact that at one time they enjoyed the snow. It brings a sense of peace and purity. For some it's a beautiful scene, but others see it as the ski season, sledding and having fun. No matter how you feel, be careful and enjoy!

A Cat In Boots?!

The Honors English program experienced the life of stage playing last year by presenting Puss In Boots. The play was performed for the elementary schools in the S.W. district. The honors students were in charge of everything from lighting to directing, with teachers offering only suggestions.

The play focused on Marcus and his magic cat, Puss, who were being pursued by Marcus's two brothers. Puss In Boots received many praises from adults and children alike, and letters were received from the elementary students expressing enthusiasm and pleasure.

Portrait of a Hangout

School's out for another day, but now what do we do? When the school day is over where does everyone go? Students have a variety of different places to "hangout." For many, their afterschool fun is found at an extra-curricular practice. Seasonal games, concerts, and plays attract student spectators. Some students, on the other hand, have jobs. Even if you aren't involved in things after school, there's always something to do. Fastfood places are open for business, and it doesn't hurt to hit the books! Have fun in your free time, but use it wisely.

To Find the Magnificent

Mrs. Blevins went on an unusual trip last summer to observe whales. The trip began with a visit to the Mystic Harbor and then a jaunt through a salt marsh. Then the group departed Provincetown and prepared to set sail.

They were fortunate to view one whale, but other boats encountered more.

Mrs. Blevins' interest developed from reading about the magnificent creatures and seeing pictures of them. As a result, she accompanied another school on their sponsored expedition. Another trip is planned for the Summer Enrichment course in June of 1988 and Mrs. Blevins may accompany the group.

Goofing off again?

All dressed up and no place to go!

Don Johnson in disguise

Boys' gossip

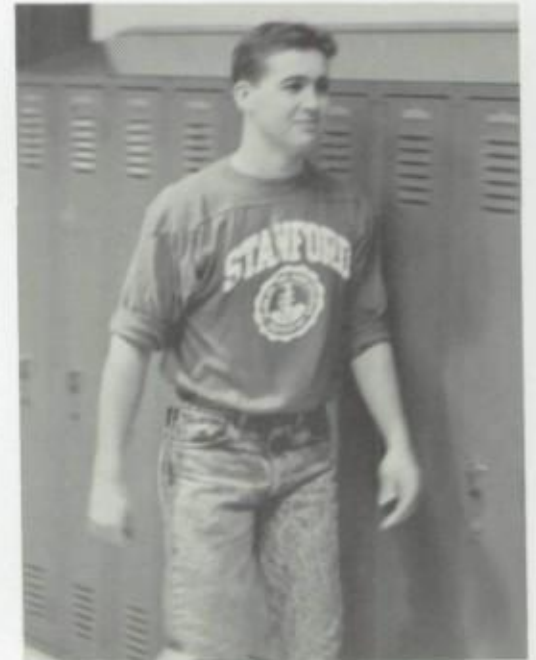

"Who wrote that there?"

Copying another lab write up!

"Will Steve's check bounce again?"

"Walking the halls won't get you into Stanford!"

Dazed or confused?

"Aaaahhhhhhaaaaaa! I'm stuck!"

Over the top!

"Smile! You're on candid camera!"

"It's gotta be rain!"

"We've gotta stop meeting like this."

Schoolwork vs. Social life

"If only you'd told me you liked her!"

"Watch your arm!"

Is this schoolwork?

See something interesting?

"Look, Mom, one hand!"

Take your coat off and stay awhile.

"Would you take this darn picture!"

"I thought I saw a camera man out there!"

"I hope this doesn't blow up!"

Dissecting! An experience!

Dissecting is an experience that can be both educational and enjoyable. Although some consider studying the anatomy of dead animals repulsive, many are greatly interested. They willingly pass through two years of dissecting, looking forward to the next animal that will pass under their knife.

They anticipate, also, the new discoveries to be made. In biology I, students dissect frogs and fish, and sometimes unexpected animals.

In biology II, a cat or pig is dissected. The two years offered at SWHS provide a well-developed background for future studies.

Class Rings

One object most students look forward to purchasing during their high school years is their class ring. These days, class rings are more personalized and more unique. When South Western was first started, the students of the graduating class had the same design. The year of graduation and a stone with SW were on the ring. Now, different stones can be chosen and many different emblems can be used for the design of the sides. The price has also changed since 1960. Because of these changes, class rings are still popular.

Mrs. Campbell

In 1977, Mrs. Campbell, took her first trip to England and France with a group of students. Since 1977, she has been to Europe three times and has visited most of the major European counties. Mrs. Campbell began taking students to Europe because she wanted them to have the opportunity to travel. She felt they should see what she was teaching about.

If she could live anywhere in Europe she would live in the French Riviera. She likes its cosmopolitan atmosphere and mild climate.

Childhood Memories

Maybe you can remember the days of getting up on Saturday mornings to watch cartoons like the Jetsons, Bugs Bunny, and Superman. You might also recall the popularity of Mister Ed and Howdy Doody, not to mention the cool restaurant drive-thrus.

You may reminisce about the time when the newer cars were custom vans and Renegade jeeps, and new music was being performed by Glen Campbell, the Carpenters, and Anne Murray. Hopefully, these pleasant memories of your childhood will stay with you.

Freshmen Likes

A group of new students come to the high school each year. They are the freshmen. These students form opinions about the high school while adapting to it. Freshmen like the high school for many different reasons. Some like the fact that they can pick the classes they like. Almost everyone likes the extracurricular activities. There is a wide range of activities for everyone. Some of them are in band or certain sports. A favorite with many freshmen is the short class periods. The freshmen also like the teachers because they care.

Hop and Hobbie

Hey! Look everybody, here comes hop-a-long! Have you ever had the pleasure of being on crutches? It's not too much of a pleasure, in fact, it's a pain! Everywhere you go people call names and no one ever lends a hand. Walking around with a piece of plaster on your leg isn't exactly the latest style either. But as much as you complain it never gets any better.

Being semi-handicapped has its advantages too. Why not ask that great-looking person in math class to carry your books or get your lunch? Even though it may be a pain, you could make some important acquaintances.

Put On a "Funny Face"

Have you ever had a boring class brightened by a "funny face"? The class clowns can always be relied on to liven the duller days. They appear to possess an infinite number of comical expressions and never fear exhibiting them.

These students are well-known by classmates and faculty alike. They are constantly watched by their peers in anticipation of a spontaneous, absurd expression, while teachers, more often, cast threatening glances. Although we sometimes roll our eyes at them, the school would be lacking without its "funny faces".

Teacher's good side

Many students have their own way to get on a teacher's good side. In questioning some of them the following suggestions were given:

"To have your homework done!"

"I think, to be prepared for class."

"To volunteer to do things for them."

"To be on time and to not fall asleep."

"I always joke with them to have fun."

"I say, to help them pass out stuff."

"I respect the teacher and show interest."

"Make class interesting so they aren't bored."

A New Face At SWHS

Mr. Bradley Arnold joined the staff of SWHS this year as vice-principal. Many know what he is like today, but what was he like as a teenager? He was an average teen with high goals and a busy schedule. While in school, he participated in various sports, clubs, and activities and considered education important.

Mr. Arnold came to SW from courses at Penn State and shortly into his stay he stated that SWHS is "a good place to be."

A Retirement Deserved

Through the halls of South Western sometime or another, we've seen this familiar face, and through our educational lives, we've all encountered Dr. Murphy. But this will be her final year guiding the young minds of the future.

She began teaching in 1943 in Georgia. She taught in Carroll County and in Hanover and in South Western for the past twenty-two years.

Many of us may not know Dr. Murphy. She's our Reading Supervisor. Her job is to help and guide the teachers who help their students in reading.

She has been Reading Supervisor since 1975 and an administrator for thirteen years.

All of us at South Western wish Dr. Murphy a happy retirement.

Above: These don't seem like peas!

Above: What do you mean I didn't fix it?
Right: Grass, grass, grass, that's all I ever see!

Janitorial Staff: R. Bish, B. Wright, L. Houser, J. Wright, P. Marshall.

When the bell rings for lunch, there is a massive rush to the cafeteria. Everyone tosses their books on the tables and gets in line. Both lunch lines snake back through the cafeteria. The ladies behind the counter greet you with a smile. They manage to prepare the lunches, serve them, and clean-up. This is sometimes taken for granted.

Our janitorial staff is also very helpful. Whenever a locker jams, someone is there to open it. They provide little services every day that often go unnoticed. If it wasn't for them, many problems might be left unsolved. Thank you cafeteria workers and janitorial staff for everything that you do!

And here is the man behind the scenes of Varsity Club.

South Western's Varsity Club is a group of our finest athletes who have sworn to uphold all rules of good sportsmanship and conduct. To become a member it is necessary not only to take this oath but to meet other specific requirements. A player must participate on Varsity level sports during the year and he must also obtain thirty signatures from other Varsity members to be inducted. Throughout the year each member must accumulate at least 5 points. These points can be accumulated through different activities such as program selling, stadium cleaning, helping with wrestling tournaments, etc . . . A senior must accumulate seven if he wishes to be considered for one of the two scholarships made available to them by the club.

The staff is then ready to crop pictures, write captions, and develop interesting features. The yearbook staff is composed of an editorial and business staff. The editorial staff is divided into small groups that finish individual sections of the book. The business staff sells ads and types the copy. This year's high school marching band is comprised of 110 students who perform at competitions, parades, the mall, various organizations, and half-time or pregame shows at all varsity football games. The marching band sponsors "Operation Santa Claus" every year. This year has been exceptionally good for the Marching Mustangs. They were able to capture third place in the American conference of the Cavalcade of Bands competition with an 84.15. The band is also traveling to the Mardi Gras in New Orleans in February. Many fundraisers help to raise money. With the help of Judy Stair and Larry Bankert, "Coach" Crumling leads the band through a successful season.

Newcomers to Division I

The 1987 season started as it had in the past with football camp and long hours of practice. But the Mustangs made one major change, a move from Division II to Division I. The Mustangs were ready to show Division I that they deserved to be there.

They opened the season losing to Littlestown, but came from that loss to win the next three games against Red Land, Hanover, and York Suburban. After sailing through those wins, the Mustangs went into a slump losing to Dover and Spring Grove. Then they shot back, winning against Central, Red Lion, and Dallastown, but later losing to York High and Delone. The team completed the season with a record of 6-5 making them tie for third with Dallastown in Division I.

The girls tennis team finished a very difficult season with a record of 6-5 overall. With only four girls returning from last year, they had a relatively young team. The top five positions held are number 1-Deb Hilbert, 2-Tara Powers, 3-Lisa Staub, 4-Tara Vizzi, and 5-Jenny Eck. The Mustangs sent the top four players to the YCIAA Tournament and sent Deb Hilbert and Tara Powers to the District Singles Tournament. Deb Hilbert and Lisa Staub were also able to compete in the District Doubles Tournament. Coach Granger was extremely proud of the team's 8th consecutive winning season. This young team has a great potential for the future.

The 1987 field hockey team had an excellent season even though they were a young and inexperienced team with only five seniors. They ended with a league record of 8-3-1 and an overall record of 11-6-1. Two of the highpoints of this season were a victory over Spring Grove and scoring first against Susquehannock. Missy Wildasin was league high scorer in number of goals with 16 league goals and 21 overall goals.

**"Determination, Hard Work, And
Unselfishness Breed Success."**

- Coach Carroll Granger

Adversity might be the key name for this year's boys basketball team. With three key players out before the season began, the hopes of a successful season seemed distant.

We mourned the losses but held high the sweet victories. The victory over Hanover for the New Oxford Tournament crown was perhaps one of the sweetest of these moments. With the appearance of the three-point play, the fans saw the emergence of a lethal weapon. But even this play can't compare in significance to the importance of hard work, determination, and desire.

The Mustangs drove hard for a successful season. The memories of the New Oxford Tournament, the Hanover Game, the Spring Grove fiasco, and our own toilet bowl will live on.

"This Was A Team Of Determination And Character."

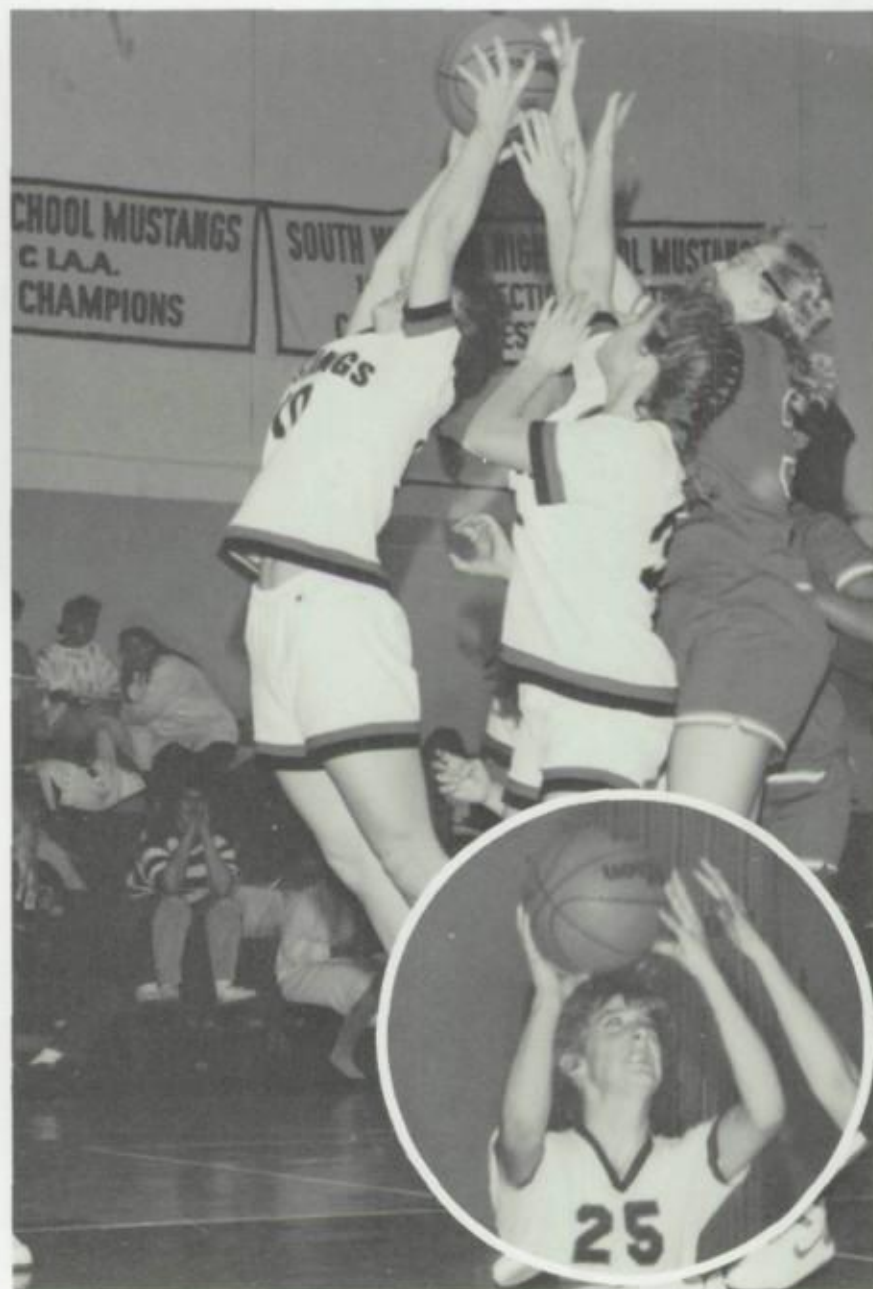

Coach Mary O'Donnell

With an improved record over last year's conclusion, the Girls' Basketball squad of 87-88 can be proud they had a successful season. This season was another rebuilding year which saw the team struggle through several early season losses. They continued to improve throughout the season and never gave up their determination and desire to play. The starting varsity team saw almost the entire roster in action, but several key players led the team throughout the season. Seniors Deb Hilbert, Candy Hetrick, Amy Cambell, Jamie Hart, Michele Lippy, and Bridy Fuhrman contributed to the team's success. Also playing vital roles were juniors Missy Wildasin and Gail Zumbrum. Strong substitute performances from Sherry Simpson and Jackie Smith were also vital.

Playing under a new head coach for the third consecutive year is a rough thing to do, but, the Lady Mustangs showed their character and desire to play this season. Although a record of 4 wins and 11 losses does not show a successful season, the 1987 team had great team unity. The outstanding leadership by seniors Amy Campbell, Gabbi Marchio, Stacy Garland, Kristen Svec, and Sherry Sandruck was second to none. The Mustangs never gave up. They always pulled together and fought back. With a great chemistry of experienced juniors and hard-working sophomores and freshmen, Coach Cardello and Coach Mummert have very much to look forward to in their second year as the Mustang coaches.

The 1987-88 girls swim team finished the season with a record of 6 wins and 7 losses. The girls began their season with a record of 4-1 until they ran into a slump and lost key swimmer, Jenny Hockensmith. Overall the team had some very successful individual seasons and considerable improvements by the younger swimmers.

It was a rough and lonely season for the Mustang swimmers and divers. The team ended the year with a mere thirteen-man roster. The quality was there but quantity was the problem. The small number, though, really brought the team together and they pulled for each other all the time. One of the highlights of the year was Chris Albrecht setting a new 100 yard backstroke record. Chris qualified for districts in the 100 yd. backstroke, 200 yd. I.M., 100 yd. freestyle, 200 yd. freestyle, the 100 yd. butterfly, and the 400 yd. freestyle relay. Also qualifying for Districts were Dave Olson, Chris Shelton, Brad Rinker, and Paul Lake; they qualified in the 400 yd. freestyle relay. Chris Albrecht might qualify for states in the 100 backstroke and 200 I.M. He was ranked fifth and sixth in the state respectively and his chances look very good.

"Dedication Is The Key To Success!"

Coach Mike Bowersox

The 1987-88 Mustang wrestling team encountered many tough rivals this season. Because of the number of extremely tough schools that the Mustangs have wrestled, we lost some narrow decisions. As usual the Mustang grapplers were successful. The possibility existed that Joel Bish, Joey Wildasin, Scott Weismantel, Frank Lechrone, Steve Elicker and Wayne Stremmel would acquire either district medals or qualify for the state competition in Hershey. Because of the team's extreme depth in the 145 lb. to 185 lb. weight classes, Coach Bowersox was able to shuffle many different lineups. That depth included Frank Lechrone, Steve Elicker, Dave Herman, Angelo Veraldi, Joe Geiman, and Wayne Stremmel. With desire and dedication the Mustang wrestling team will remain strong in future years.

The boys Track and Field team produced another fruitful season in 1987 with a meet record of 5-6. Team highlights included a new record in the pole vault set by Paul Novak at 12'9". Also spotlighted was the district appearance of the 1600 meter relay team of Corey Potts, Ritch Blymier, Bob Hutchinson, and Wayne Stremmel and Ritch Blymier's performance in the 300 meter intermediate hurdles. The team was led by four senior captains including Jay Hager, Mike McFalls, Corey Potts, and D. J. Hart. However, the team consisted mainly of juniors and sophomores. The team was led in the sprints by Chad Mickley, in the jumps by Tim Peck and Mitch Stetter, in the weights by Mike McFalls and Dave Kurtz, and the distance department by Rich Buczynski and Craig Koerner.

Robbin Warehime made the only new record for the 1987 season. She broke her own record in the 3200 meter run with a time of 11:37. The 1988 seniors are Katie Clarke, Candy Hetrick, and Sherry Keagy.

The 1987 South Western baseball team ended with an overall record of 14 wins and 6 losses. The season went well according to head coach Don Brady and he added that it was a building year. During the first part of the season the Mustangs were in the heat of things. Going into the last two weeks of the season they were only one game out of first place which was held by Northeastern. Junior Troy Wentz, was named to the first team York County All-Star Team as an outfielder. Wayne Rudasill and Brian Sager were named to the second team York County All-Star Team. The team had an excellent group of hitters led by Brian Sager who had .424 batting average, outstanding for high school. Other big sluggers batting over .300 were Wayne Rusadill, Dewey Matthews, Graig Huntington, Troy Wentz, and Rich Feeser.

Ruth-

To a great friend I've known since grade-school. Remember all those fun times, on the bus. Remember those times when I used to go over your house when we were little. I'll never forget those peas I had to eat, but I didn't want to so, we threw them in the toilet! Such fun. We've had some pretty wild times on the bus too! Wouldn't you say. Well aren't you glad this is your senior yr! You'll have to keep in touch (Damn bus). You know my phone #. Good luck in the future & w/ whatever you decide to do w/ your life. Have a great summer!

Love,
Miriam
Heist

Ruth,

Well the year has come to a close and 12 years of torture have finally come to a halt! U & Katie were 2 of my best friends and loyal comrades! We have shared some great times over the past year, talking, laughing and carrying on. I'll never forget you and Katie (Never!) Even though I was only here a year I still feel I have been here for quite a while. At the beginning of the year I was scrapping because I had to move my senior year but HEY! It turned out to be the best year after all! There was never a dull moment with you around! Remember our morning walks around the hall, and of course after school! Remember my big experience at BIG CITY with my ever so cool "Daiguiari move", and the "Alley Cat" I could never ask for a greater person to hang around with. Remember also typing with Mitch, cheersuke and George! (what losers!) You have always been there when ever I needed someone to talk to or laugh with, your a great friend and a cool gal. Maintain that great personality and fun loving style! I wish you all the luck in the world and I hope you will never forget me (I know you will!) I hope you become a social worker like you wanted to be! You deserve all the best! Also good luck on your driving! Have a fun summer and say Hi to Katie for me! We will have to keep to touch over the years. As soon as I find my college address I will write to you. (Promise!) I remember when I first got to know you and Katie in Mr. Anchors class (Ack!) We got nothing done but we couldn't care less. O'well we are finally free from all that now and its time to move on! Have fun and stay cool! (strike one)

I ♥ U
I miss you

Your coolest friend
ever (right!)
